TAX CONFERENCE IMPORTANT ONE

COMPTROLLER D. A. MACDONALD FORWARDS THE MAYOR'S INVITATION

Many Resolutions Passed Which Will Effect Economy in Government Administration

An invitation from Mayor Pendray to the Canadian Tax Conference to hold its convention in Victoria next year was delivered by City Comptroller D. A. MacDonald, who attended the conference last week in Winnipeg. No decision had yet been reached in this matter, Mr. MacDonald stated in his report to the City Council at last night's meeting.

The convention went on record as being opposed to any further issues of bonds exempt from any form of taxation. Mr. MacDonald reported. The subject of rural credits was discussed thoroughly, while a resolution was passed drawing to the attention of all governmental authorities the desirability of standardization of accounting: centralized purchasing; budgeting of capital expenditures over a term of years and departmental organizations for the necessary personnel. This latter resolution was passed with a view to reducing government expenditures. Federal, provincial and municipal.

The conference urged the taxation of all public utilities on the same basis, irrespective of ownership, public or private. A resolution was passed condemning the levying of income tax on dividends which had already been taxed on profits in the hands of the company paying dividends.

In connection with succession duties a resolution was passed approving the efforts now being made to remedy the injustice of double taxation through the administration of present succession duty legislation.

"Probably not the least benefit derived by the city from my trip to Winnipeg was the publicity I gave to the city's improved financial condition to a number of financial men," Mr. MacDonald concluded in his report.

MR. HUGH GUTHRIE BECOMES LEADER

Continued from Page 1

climates and his selection meets with general approval. He is a trained parliamentarian, a brilliant orator, and will give to his party his best efforts. Hon. Hugh Guthrie showed a decision and courage in 1917 that has won for him the confidence and respect of friends and opponents. He comes from a historic Liberal family and entered public life as a Liberal, but in 1917, and since, he showed a patriotism and courage of conviction that has been displayed by few public men. He is one of several Conservative leaders, both federally and provincially, who were nursed in Liberalism.

When the selection of Mr. Guthrie as House Leader was announced he said: "I am surprised at my selection as House Leader. I did not seek the position. There are others more qualified to lead the House than myself. I will do my best to justify the confidence displayed by my associates. I am the oldest member of Parliament in service in the Conservative Party. I hope to have the full support of the party during my time as House Leader."

Among those nominated for the House leadership were Sir George Perley, Hon. R. D. Bennett, Hon. Dr. Tolmie, Hon. R. H. Stevens, Hon. Dr. Manion, Hon. Hugh Guthrie, Mr. C. H. Cahane and Mr. C. W. Bell. The position is one of great responsibility. It is difficult to fill, yet if this arduous task is successfully accomplished the temporary leader will be a strong competitor for recognition when the National convention makes the permanent selection.

Convention Committee

A committee was appointed to arrange a national convention from the several provinces. The representatives on this committee are: British Columbia, Hon. H. H. Stevens, Alberta, Hon. R. H. Stevens, Saskatchewan, Senator Gilles, Manitoba, Hon. Robert Rogers, Ontario, Mr. W. A. Boys, Quebec, Senator Reaume, New Brunswick, Dr. Murray McLennan, Nova Scotia, Hon. W. A. Black, Prince Edward Island, Hon. J. A. Sutherland. This committee will hold its first meeting here tomorrow. It is believed the convention will be held for June, and that it will be held either in Winnipeg or Toronto. The West is making a strong bid for the national convention.

The gathering was a marked success, and there is among the members confidence in the future justification of the party's acts and policies. From Quebec and the Maritime provinces the demand that Mr. Meighen retain the leadership was almost unanimous. Quebec representatives said that Mr. Meighen was standing steadily in their province, and that the Conservative defeat there was not due to him personally. He, they claimed, had polled as large a vote as any other Conservative leader would have done.

There was little discussion among the representatives as to the choice of a permanent leader. It was felt it would be possible to make a more considered decision eight months hence, and that until then, party reorganization should be the object. By the time the national convention comes it is believed there will have arisen a definite trend towards one of several mentioned for the position. There appears little doubt that either Ontario or the West will furnish the next chief of the Conservative Party.

House of Commons Present

Notable among those present were: Hon. H. H. Stevens, Sir Henry Drayton, Hon. E. L. Patenaude, Hon. Hugh Guthrie, Hon. R. J. Manion, Hon. R. H. Bennett, Hon. George F. Jones, Hon. W. A. Black, Hon. R. F. Tolmie.

Canadian Missionaries Harassed in China

SYMPATHY was expressed by the board of foreign missions of the United Church of Canada for the missionaries in West China in their present distress. Four stations along the Yangtze Kiang River are seriously affected. Chungking is the centre of the disturbances, and a large mission staff is maintained there. The hostile attitude of the people, stirred by agitators, has compelled them twice during the last month to evacuate the town and proceed down the river. Many missionaries on the advice of the British consul, left the station.

Prof. P. M. Hayne, M.A., No. 5, and his wife, are among those. Prof. Hayne holds the chair of biology in the West China Union University. Among those remaining are: Mr. S. H. Frier (4), and his wife; Mr. Frier is the mission business agent; Dr. W. J. Sheridan (3); Rev. Harold F. Swann, B.A. (4); Dr. R. M. Anderson (3), and his wife; Dr. W. H. Birka (1), and Mrs. Birka; H. B. Burwell (3); Rev. M. P. Smith, B.A. (2); and Rev. H. H. Irish, B.A. (1).

October Building Permits Reach a Total of \$14,080

UP to this time in October, building permits taken out at the City Hall have already reached a total value of \$14,080. Up to date a total of twenty-one permits has been taken out, including five yesterday, which had a value of \$850. There is every indication that another increase will be shown this morning. Five wiring permits were also taken out.

Hon. J. A. MacDonald, Hon. E. B. Rickman, Sir George Perley, Hon. Donald Sutherland, Hon. Raymond Morand, Hon. Robert Rogers, Mr. Armand Lavigne, Hon. C. C. Bell, Hon. Rodolphe Monty and Mr. W. A. Boys, M.P.

Hon. Robert Rogers led the Manitoba delegation, consisting of Col. C. M. Hannesson, Mr. W. W. Kennedy, Mr. V. E. Switzer, Mr. J. A. Standfield, president of the Canadian Manufacturers' Association; Messrs. R. R. Knox, W. Eric Willis, Thomas Hay and Harry Mullin. Hon. R. B. Bennett and Senator Griesbach were Alberta's representatives, while British Columbia was represented by Messrs. K. A. Frazer, H. K. Barber, W. K. Estlin, Hon. H. H. Stevens, Gen. A. D. McRae and Hon. Dr. S. F. Tolmie. Saskatchewan was well represented with Messrs. J. G. Diefenbacher, E. S. Wilson, J. H. Hagerman, H. D. Kewen, A. M. McKinnon and W. W. Lynd. From Ontario, it is believed all the elected members were present and many of the defeated candidates. Hon. Donald Sutherland presided. Among the Ontario senators in attendance were Sir Edward Kemp, Hon. A. C. McDonnell, Hon. J. D. Reid, Hon. Robert Mulholland and Hon. E. D. Smith.

PREMIER BRUCE IS MUCH CATECHIZED

Continued from Page 1

raised, but there would be no possible objections to the conference discussing and defining the position to which, in evolution, the dominions had arrived. However, he was totally opposed to the idea that there ought to be some drastic alteration by a written constitution for the Empire.

Touching on the subject of defence, the Australian Premier stated that Australia at present was practically spending twice as much on defence as all the other dominions put together, and her future programme was in like proportion. Great Britain had too long borne this Empire burden almost unaided, he declared. If at the Imperial Conference the self-governing dominions were prepared to accept the responsibility as well as the privilege of Empire partnership, Australia would agree a co-ordinated scheme of defence, provided all parties agreed to contribute in proportion to their resources. Premier Bruce said.

Winnipeg Celebrates First Wheat Shipped

Fifty years ago this month first grain was sent east from the Province of Manitoba.

Winnipeg, Oct. 11.—Fifty years ago the first wheat was shipped from old Fort Garry Community, now Winnipeg, were engaged in preparing the first shipment of wheat from Western Canada to Ontario, following a crop failure in the eastern province. The shipment was made on October 12, 1876, and tonight, at a banquet attended by pioneers of the province, both from the agricultural and business sections of the community, the men who handled the first exportation of grain, leading to Canada's great and basic industry, told of the experiences, the hardships and trials of the pioneer "farmers of the plains."

DR. GRISDALE TO GO TO IMPERIAL CONFERENCE

OTTAWA, Oct. 11.—Dr. J. H. Grisdale, Deputy Minister of Agriculture, probably will sail next Saturday for England to join the party of Premier Mackenzie King. An announcement to this effect was made today by Hon. W. R. Motherwell, Minister of Agriculture.

"The conference agenda provides for discussion of the regulations governing the importation of cattle and swine into Great Britain from Canada; and the question of co-operation in agricultural research among the different Dominion Governments and the Home Government is also likely to be taken up," said Mr. Motherwell. Dr. Grisdale is expected to take part in the discussion, the minister said.

VICTORIA MUST GET INDUSTRIES

MR. B. C. NICHOLAS WARNS
AGAINST DEDICATING CITY
TO IDLENESS

Tells Gyro Efforts Must Be Made to
Keep Young Men Here—New
Psychology Is Needed

"Some people want Victoria to be a playground. It will be impossible to develop this city by dedicating it to idleness. We can't remain static. We must be busy and work along the lines of the other Coast cities and be devoted to constructive enterprises. We must have industries or we will not be able to keep our young men and a community which loses its young men is a moribund community. The young man wants a busy city."

Thus spoke Mr. B. C. Nicholas, president of the Klondike Gyro Club in an address before the Victoria Gyro Club in the Chamber of Commerce auditorium yesterday. Mr. Nicholas, who chose as his subject the motto of Gyro, "Power, Poise and Purpose," spoke of the motto in relation to the progress of the Gyro organization, and then called upon the members to go forth and assist in developing a new psychology for the city of Victoria in an effort to direct it on the road to prosperity.

The speaker observed that all the great figures in history had achieved their position through the multiplication of power, poise and purpose. He applied the principles to the city, and asked if Victoria had a purpose and aim equal to its many advantages.

"If the Gyro Club wishes a worthy objective there could be none finer than the stimulating of the people of Victoria with sufficient purpose to get an objective to keep the young men here. Associate yourselves with other organizations in giving the people of Victoria a new psychology," concluded Mr. Nicholas, amid hearty applause.

JAPANESE VISCOUNT DISCUSSES CHINA WAR

Attache to Prince Chichibu Believes
Trouble in East Not Serious—
On Way to England

MONTREAL, Oct. 11.—Despite the addition of two Japanese gunboats to the Japanese squadron in the Yangtze River and the invasion of nine more British warships to China, there is no cause for serious anxiety over recent disturbances between the northern and southern forces in China. This opinion was expressed by the Hon. Viscount Kelm Matsudaira, attaché to His Imperial Highness Prince Chichibu, second son of the Emperor of Japan, who passed through Montreal recently on his way to Quebec, from whence he sailed for England.

The Viscount stated there were no many instances of similar trouble in China that it was difficult to foretell the ultimate result. The recent announcement of the end of the anti-British boycott made by the Cantonese Government Foreign Minister, he said, was most encouraging; he thought that trade relations between Japan and China would be completely restored.

Interested in hunting and bird shooting, the Viscount stated that he was eagerly anticipating making a special visit to Canada for this purpose. "Right across this country, especially through the mountain country and in great stretches of lake and river country in northern Ontario and Quebec," he declared, "there should be some wonderful hunting, and I'm certainly going to return and find out for myself. I am particularly fond of quail and grouse shooting."

The Viscount was educated at Balliol College, Oxford. He stated that Prince Chichibu was entering Oxford this Fall and would study until the Spring. The Prince will have chambers at Magdalen College formerly occupied by the Prince of Wales.

Easy to Gain With Yeast and Iron

New Combination of Yeast with
Vegetable Iron Quick Way to
Build Up Weight

This new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.

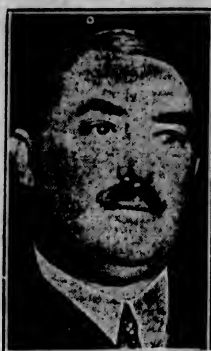

For years yeast has been known as a rich vitamin food, but not until we perfected "Ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes just twice as beneficial as ordinary fresh or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists at 1.00 for a large 50-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada. (Adv.)

"COPEC" OFFICIAL TO LECTURE IN CANADA

Miss Lucy Gardner Will Give Addresses on Ethical Topics—Would Destroy Roots of Poverty

MONTREAL, Oct. 11.—Co-founder and organizer of the flourishing social service movement in England known as "COPEC," or the Christian Order in Politics, Economics and Citizenship, Miss Lucy Gardner arrived in Montreal aboard the Anchor-Donaldson liner yesterday.

Miss Gardner has come over to this continent at the invitation of the World Alliance for International Friendship through the churches, at the annual meeting of which, on November 10, 11 and 12, in Pittsburgh, she will be one of the principal speakers. During her three weeks' stay in Canada she will deliver a number of addresses on "The Christian Social Movement in England"; "The Copec Movement, and How It Began"; "The Copec Reports, How They Were Made and What They Signify"; "Our Christianity: a Gesture or a Joke?"; "Social Service in England, Methods of Training and Co-operation"; "The Christian in a Society"; and "Vocation and Vocation." The Copec reports deal with: "The nature of God and His purpose for the world, and the social function of the Church; The home and sex relations; Leisure and education; Property and industry; Politics and citizenship."

It is not the wish of Miss Gardner to teach Canadians or Americans at this time, the main objective of her visit being to help her hearers to understand better their responsibilities in the world. It is one of her principles that, taking the case of poverty, the public should seek and destroy the roots from which such conditions arise and not to attempt the amelioration of evils on the human fabric.

In procedure Miss Gardner, in company with others holding her theories, approaches the public through the churches, being convinced that it is not enough for people to attend church and there offer praise and thanksgiving for all their bountiful blessings.

Speaking of the Copec movement in England, Miss Gardner said that it had already created an enormous impact on the churches. Under the chairmanship of the Lord Bishop of Manchester, a conference was held by Copec at Birmingham in the Spring of 1924, over 1,500 delegates attending.

Miss Lucy Gardner has left Montreal for Winnipeg, and is to visit relatives in Saskatchewan afterwards. She will be in Toronto about October 14, just before going to the United States.

Copper Production Grows in Dominion

Copper production from Canadian ores during the first half of 1926 amounted to 70,843,426 pounds, valued at \$9,767,246, as compared with 53,955,349 pounds valued at \$7,344,533 for the first six months of 1925. This was an increase in quantity of 17,788,077 pounds and in value of \$2,422,713. New York prices for copper for the first six months of this year averaged 13.773 cents per pound, ranging from 13.999 cents in February, the highest price, to 13.589 cents in May, the lowest quotation, the price in June being 13.646 cents.

Copper in commercial quantities occurs in the Yukon Territory, British Columbia, Manitoba, Ontario and Quebec. No production of this metal was reported from the Yukon or Manitoba during the first half of the year. In British Columbia the production amounted to 45,571,429 pounds, and included higher copper made at the Granby smelter, copper recoverable from the ores shipped by the Britannia mine, the Belmont Surf Inlet mine, and the Granby's Hidden Creek mine, to Tacoma, Washington, U.S.A. The Belmont Surf Inlet mine ceased operations about June 18 of this year. Large deposits occur in Northern Manitoba, and considerable experimental work is being carried on with a view to the proper metallurgical treatment of the ore. In Ontario copper is obtained mainly from the nickel-copper mines of the Sudbury district, where it is smelted to a matte. Some of this matte is exported to Wales and some to the United States and the remainder is blown to converter copper at Port Colborne. In Quebec there was a small production from the copper-bearing pyritic ore of the Bouctouche mine, but a much greater production will be shown when the new Rouyn district of that Province is more fully developed. It is understood that the foundations are now being laid for a smelter, and when the railroad that is now projected reaches this new camp, the smelter construction will be rapidly completed.—Dominion Bureau of Statistics.

MOTORIST PAYS HEAVY PENALTY

Frank Mann, Who Collided With
Motorcar on Hillside Avenue,
Is Fined \$100

Frank Mann, pleading guilty to a charge of driving his automobile to the common danger, was sentenced to pay a fine of \$100 or serve thirty days in prison by Mr. James Forman, acting magistrate, in the city police court yesterday.

The defendant appeared after a remand and through his attorney, Mr. W. H. M. Haldane, altered his former plea of not guilty to one of guilty.

Called to the stand to tell the circumstances of the case, Mr. A. C. Stewart, Provincial school inspector, said that the defendant had driven his car down Hillside Avenue on October 1 at a rate of speed that witness would judge to be not less than thirty-five miles an hour, and at the intersection of Quadra Street had crashed into witness' automobile, in which there were riding three women. The latter were seriously injured and had been taken to hospital where they had received medical aid, one of them still being there.

Mr. Haldane, speaking on behalf of the defendant, told the court that his client was willing to make a settlement regarding the damages sustained in the accident, and submitted that in view of this fact, and also that the defendant would undoubtedly be more careful in future, the ends of justice would be met by the imposition of only a light fine.

Mr. H. A. Beckwith, who is acting for Inspector Stewart, corroborated

Mr. Haldane's statement that the defendant was prepared to make a settlement concerning the matter of damages.

"The accused is very fortunate that he is not facing a more serious charge at this time. One or more of the occupants of Mr. Stewart's machine might easily have been killed. Something certainly must be done to safeguard the public," declared Mr. Forman, as he levied on Frank Mann one

of the heaviest fines on record in this Province for a breach of the motor vehicles traffic regulations.

Rare Delicacy of Craftsmanship
The Royal Crown ~ The Wahl Pen ~

Cunningly fabricated of gold, silver and precious jewels by old-world guild workers, the Royal Crown has rested gently, but securely, on the heads of many beloved British sovereigns.

The Wahl Pen of gold or silver is light in weight and delicately balanced—produced by Canadian craftsmen who take pride in their skill. Admired for beauty, and for intrinsic value, the Wahl is the aristocrat of fine writing tools.

With iridium-pointed nib and slim, unbreakable barrel, it will serve you well for years to come. Models for men, women and the younger generation. Costs no more than other pens. \$3 to \$8. And it's made in Canada.

INSPECTOR BARF IS ON EXECUTIVE

CITY'S DELEGATE RETURNS FROM PACIFIC COAST BUILDING FAIRLEY

Uniform Construction Code Discussed—Victoria Requirements Taken as Example

City Building Inspector James Barf was elected to the executive of the Pacific Coast Building Officials' Conference, which was held in San Jose last week. Inspector Barf and representatives from Portland, Tacoma and Seattle will form one of the four committees, the Northern committee, it was stated in the report of the city's delegate to this conference presented to the Council at last night's meeting.

These committees deal with the criticisms, corrections and recommendations from their sections, transfer these and confer with the other committees to arrive finally at a common basis for decision.

In his report, Inspector Barf stated: "At this convention a great many matters relative to the architectural profession, and the building trades, were dealt with. The main object, however, was the discussion of the tentative draft, number two, of a uniform building code. This subject was gone into very thoroughly and a number of difficulties successfully overcome."

During the last twelve months this organization has greatly extended its area and influence, which now extends from Southern California to British Columbia, and as far east as Idaho Falls, with every possibility of further expansion. At the conference just concluded there were sixty-five cities represented.

"As a consequence of the recent Florida disaster, there is a movement on foot in that locality to create a similar association, and they have initiated a device to adopt the final draft of a uniform code as prepared by the Pacific Coast Building Officials."

"The uniform code will improve the general standard and tend to an all-around reduction in building costs. I may say that in the case of frame buildings the requirements will be brought in line with those in vogue in this city."

Wooley, her attorney, and Mrs. Minnie Kennedy, her mother, in the Los Angeles courtroom in which she is facing a preliminary hearing on a charge of perjury. Below is shown Kenneth G. Ormiston, former radio operator at Angelus Temple, who is now missing, and is being sought on a perjury charge. In the circle is Asa R. Keyes, district attorney, who is conducting the prosecution in the case which is now attracting continent-wide attention.

Accident Victim Dies in Hospital; Inquest Is Today

MASTER John Vickers, ten-year-old son of Mr. and Mrs. Clark M. Tickle, of 51 Oswego Street, passed away Sunday afternoon in the St. Joseph's Hospital. The boy never regained consciousness following an accident on Oswego Street Friday afternoon. The boy was knocked down while riding a bicycle by Mr. William Brown, of 30 Lewis Street, who was driving a Ford touring car. He sustained fractures in the vault and at the base of his skull. An inquest will be held at the H.C. Funeral Chapel at 10 a.m. today. The funeral will take place at 3 p.m. Interment will be made at the Rose Bay Cemetery.

ELECTRIC NIGHT SET FOR THURSDAY WEEK

Fifty Broadcasting Stations Will Offer Programmes to Commemorate Event

"Electric Night," marking the anniversary of the invention of the incandescent lamp by Thomas A. Edison, will become world-wide October 21, when fifty broadcasting stations, scattered throughout the world, will join in offering programmes to mark the forty-seventh anniversary of Edison's epochal invention.

People in the Far East, South America, South Africa, the countries of Europe, Canada and the United States will listen to special anniversary programmes initiated by leaders in the electrical industry.

Two years ago a few radio stations broadcast an "Electric Night" anniversary programme and the following year, the number of participating stations was increased. At least one station is within listening distance of everyone. This year the interest in "Electric Night" is even greater; stations in many foreign lands will dedicate programmes to Thomas A. Edison and the industry which has grown out of his invention.

Forty-seven years ago, October 21, after months of patient work, Edison carbonized a piece of cotton sewing thread bent into a loop. This he sealed in a glass globe from which the air had been exhausted. The lamp was put on an electric circuit and was lighted brightly to incandescence, and burned steadily for over forty hours. That marked the birth of a practical incandescent lamp. From that lamp, with its sewing thread filament, has grown the electric light and power industry, which in 1925 showed a gross revenue of \$1,470,000,000, with an estimated capitalization in 1926 of \$7,580,000,000.

Mother Slaps Teacher And Comes Up in Court

TORONTO, Oct. 11.—Mrs. Chas. Thomas, who slapped the face of Mr. D. A. Melvor, a teacher in a local school, because he strapped her son, will face a charge of assault in women's police court on Thursday. Mrs. Thomas claimed that her son suffered from heart disease and that he should not have been strapped.

ROTARIANS ASK FOR ANY SUPERFLUITIES

Giant Sale Will Bring Sunshine to Little Lives of Crippled Children

As a result of the superfluties sale to be held on October 20 by the Rotary Club, the lives of many little crippled children will be considerably brightened. The Queen Alexandra Solatium for Crippled Children is perhaps making a greater appeal to the Victoria public than any other charitable cause, and it is in aid of this that the club is devoting its energies.

Have a look round the old attic, for hidden away you will probably find countless articles which have fallen into disuse and which will be just the thing for the superfluties sale. Old clothes, too, will find a market, and there will be home cooking stalls to tempt the housewife.

Any contributions should be left at Capt. Goodlake's office, or, if parcels are too cumbersome to be brought to town, a phone call to 3269 will be all that is required to have the bundles called for. Tomorrow will be the first day to receive contributions, and already there has been a list of inquiries as to what kind of things the club is seeking. The answer, according to Mr. Clifford Denham, is "everything and anything."

Through their agents, Galt Brothers have placed the store formerly occupied by Gordon's, Ltd., at the disposal of the club, and, on October 20, there will be one of the busiest and most popular markets for every kind of merchandise that it is possible to imagine.

Two Women Killed

MONTREAL, Oct. 11.—Two women lost their lives in a level crossing accident in Montreal over the week-end. Louise Blais, aged sixty-four, was run over and instantly killed while returning from church. Mrs. E. Renechal, aged thirty-six, was struck down and instantly killed when she ran in front of a train.

MURDERERS LOOSE IN SAN FRANCISCO

Youthful Robbers Add Two More to List of Dead—Four Killed Within Forty Hours

SAN FRANCISCO, Oct. 11.—In continuation of the reign of violence instigated by two youthful gunmen, thirty-eight hours ago, two men were killed and two others shot when they resisted robbery here tonight.

The slayings followed a series of holdups and robberies Saturday night and Sunday in which two men already had been killed and several others shot down or beaten.

Tonight the bandits struck first at San Bruno Avenue, Mariposa Street. Their victim, Frank Petrovich, attempted to resist the robbers. He was shot through the mouth and died before reaching the hospital. A few minutes later Kati Johnson, an attendant at a gasoline station, paid with his life for his effort to prevent the cash till from being rifled. Two unidentified companions of Johnson's were wounded.

After both attacks the slayers escaped in an automobile. Several hours prior to tonight's crimes, Marco Bennett, the operator of a soft drink parlor, died of wounds received during the killing pair's first outbreak of violence.

The fourth murder attributed to the gunmen was that of Mario Paganio, who also ran a soft drink establishment. In addition, Clarence Schivo and Constantino Guillen were shot and seriously wounded during the holdup of a poolroom early Sunday morning.

VICTORIA FANS HEAR BIG OPERA PROGRAMME
Broadcasting by California Stations Said to Be Most Remarkable in History of Radio

Victoria radio fans were astounded last night at the reception of the grand opera by the Los Angeles Opera Company, broadcast through the courtesy of the California Oil Company. The programme was broadcast simultaneously through KFI, Los Angeles, and KPO, San Francisco.

Mr. John Stirling, managing director of the Radio Institute, who received the reception at the "listening in" studio of the institute, declared that the reception was one of the most remarkable in radio transmission and reception, and was unsurpassed in the annals of radio history. The reception was so clear and so loud that a number of pedestrians sauntered into the studio, at 731 Fort Street, and remained there until the opera was over. During the intermissions of the opera, the announcer read a score of telegrams from all over the country, commenting on the splendid results.

Professed Inventor Is Arrested for Board Bill

VANCOUVER, Oct. 11.—J. W. Saunders, forty, who last week announced himself as the "inventor" of a railway safety device for which he had already received \$300,000 for the Canadian rights, was lodged in a cell at police headquarters today on a charge of obtaining lodging by false pretences.

He was arrested on a warrant issued in February of this year by William Lee, which charges him with obtaining lodging to the value of \$14. When arrested, Saunders had no money on his person.

Much-Married Man Is Discharged by Court

VANCOUVER, Oct. 11.—Dissimulation was ordered by Magistrate H. C. Shaw in police court today of a charge of bigamy against John Druce, ten merchant, alleged to have had three wives.

"I don't know which is a valid marriage and which is not," declared his worship in announcing his decision.

LESSONS OF PAST TRANSLATE PRESENT

REV. H. T. ARCHBOLD GIVES FIRST OF THREE HISTORICAL LECTURES

To Solve Problem of Present, Counsel Must Be Taken With Ancient Predecessors

"What do we mean by civilization? What is to come out of the turmoil of the present day, resulting largely from the war? If we are to solve the problem we must go to school with Greece, with Rome, with all history, beginning about 2000 B.C., of the Hebrews and of the newer civilizations of Rome was introduced for purposes of comparison and analogy, both with each other and with the present day civilization of the West. The argument deduced from this process was that there was nothing in present day conditions essentially different in character from those that existed in the past.

"Our present condition of social development is not static, nor is it one of decline, nor yet can any species of evolution sweep away all that has hitherto existed. We are dealing with a living organism, which must continue to grow; and as we grow we must change. But the growth must be along the lines of the main stream of humanity's experience," Mr. Archbold maintained.

Socialism Ancient
After discovering for his audience the ancient existence of "aid to beauty" still practiced by the feminine hand; and even of the kilt which later history has associated with the Scot, Mr. Archbold revealed socialism as a philosophy known to Athens, where it was known to Aristophanes as "the new disease." It argued, among other things, that none should be richer than others; one common subsistence for all, and that all were equal.

Among the nations that had migrated out of the East into the West, Greece had reached the highest perfection. The foundations of philosophy, science, art and all civilization were laid there. It was extraordinary that in comparatively so short a space of time one race could have achieved so much. Under Greece the old idea of despotic authority had had its first reversal; under Greece had been achieved the most beautiful perfection of language and plastic art that the world had ever seen; and in the same civilization had been laid the foundations of modern science. These things had been partly the result of Greece's position in the Mediterranean.

her greatly indented coast line, which had made her by nature a seafaring nation, a fact which had brought her at the same time into peaceful and warlike contact with her neighbors.

Genius for Learning

But the Greeks had had a genius for absorbing learning. They had also had a disposition towards cheerfulness, a joy of life, a clear understanding of nature, a desire for knowledge, a highly developed social impulse, an unerring feeling for beauty of form which had found its expression in the national cultivation of music, art, athletics, religion and science. And a liberal attitude toward knowledge had made them ready to adopt impartially from the Egyptians, from whom they had got much astronomy; from the Phoenicians, from whom they had learned the art of shipbuilding.

Politically speaking the achievements of ancient Greece had slipped into the background. But Greece had been, nevertheless, a flowering of civilization, one of those periodic flowerings which time had witnessed down the ages.

"And will you think me too optimistic if I say I think the world is coming pretty soon to another age of bloom and youth," asked the lecturer.

Stereotyped Egypt

Comparison was made with Egyptian civilization, founded on a hierarchy of officials with a king at their head, and on a religion, the central idea of which was the care of the dead. In sharp contrast to this rule of superstition which had held the people in the terrible grip of fear which the cult of Osiris invoked, the spirit of Greece had been free and freedom-loving, human and informed. The Hellenic gods and goddesses were but glorified men and women, devoid of occult symbolism, worshipped in the open air. Here was no dark despotism, no sorcery, no secrecy. And the king's power was limited to reasonable powers.

The Greeks had made a valuable contribution to political study. The very word "polis," meaning state, was Greek. Before the fifth century there had been no public affairs; only the private affairs of the sovereign. The Greeks had made a notable advance in recognizing the existence of the public or common interest. The Greek had been the first to articulate to conceive the idea of freedom, inward freedom. Knowledge and freedom had made one another possible. And yet, freedom was not an ideal of practical politics. Perhaps, thought the speaker, it was not even yet. The Greeks had achieved a great step in reasoning when they conceived the world around them as reasonable. In other civilizations before them this had not been apparent. They had held the whole visible and invisible world to be permeable to human thought. And the Greek mind had become conscious of itself and had set out to explore the inner human being itself, thus creating philosophy.

"Greece," summarized Mr. Archbold, "is the perpetual spring of inspiration."

Grant of \$400 Is Made by City to B.C. Potato Show

THE City Council, in adopting the finance committee's report at last night's meeting, authorized the grant of \$400 towards the expense of putting on the British Columbia Potato Show, to be held in this city. The former resolution regarding this grant was to the effect that the city would give dollar for dollar with the other municipalities. Owing to the need of financial assistance the finance committee recommended a larger grant. Such has been donated \$200 towards the show.

COUNCIL TABLES MANAGER BY-LAW

PROPOSED CITY MANAGER MEASURE DISCUSSED, BUT NOT READ

Copies of By-Law to Be Given Each Alderman—To Be Considered at Next Council Meeting

The proposed City Manager By-law, although listed on the agenda of last night's meeting of the City Council, was not read, although it was discussed to some extent. After Alderman Marchant had outlined his policy suggesting more amendments, it was decided that the matter should lie on the table for one week, that copies of the by-law and declaration of policy and suggested amendments be made and sent to each alderman, and that the by-law be read at the next Council meeting.

Alderman Marchant, in speaking on his policy, said that only three courses could be taken. The first was to reject the city manager scheme in its entirety; the second to appoint a city manager from one of the city officials, increasing his present salary, the third to put the matter before the electors at the next election.

He further recommended that "prior to the appointment of any person or city manager it is desirable that a survey be made of the organization, administration and personnel of the municipality, this to be conducted by two qualified independent persons and an official of the city as consultant adviser and a report submitted for the consideration of the Council."

Alderman Woodward, in referring to the by-law, said that if this should pass "it will give me my copy framed as the most unique gem in my six years' experience on this Council."

VALHALLA COMPANY ASKS REIMBURSEMENT

Doubt Expressed That Department of Lands Will Consider Any Such Proposition

With the announcement of the decision of the Provincial Board of Health against the use of provincially owned lands at Point Grey by the Valhalla Company for cemetery purposes, comes the report from Vancouver that some of those interested in the company will seek reimbursement for loss in this connection.

The suggestion is made in the report that the company, in addition to the amount paid on purchase price, had made a further expenditure of about \$15,000 in expenses connected with the promotion. This includes the preparation of plans and other expenses that go with such a transaction.

The Vancouver Star says: "There will be a meeting of the company within the next few days to consider the position with reference to the matter but he personally considered the company would have no use for the land for any other than cemetery purpose. He did not think the company would profit in putting in a golf course, as had been suggested."

While the matter has not come before the members of the Government in the form in which it is now presented by the Valhalla Company, it is very doubtful that the Government would even entertain the proposal that the ground should be used by the company for golf purposes.

It is pointed out by the Lands Department that when application is made to the department for the taking over of crown lands, the purposes for which the lands are to be used are set out. This carries with it the proposition that the applicant will see that every requisite in law and in procedure will be complied with. The necessity is that if these conditions are all complied with rests with the applicant and not with the crown, it is intended.

In this case the application was for the use of the lands for cemetery purposes. It is therefore not open to the applicants to establish any right to the land in question for any other purpose but that for which the application was made. This would dispose of the contention that there might be a transfer of the land for golf links purposes or some other use without the consent of the Department of Lands to this change.

During the dispute there was some talk to the effect that the municipality of Point Grey might acquire the land from the cemetery company for use as a golf course. An offer was even suggested along this line, but the contention is that the department would have had to be a party to the proceeding and to give its consent, or the deal would not have been valid.

Any negotiations that were in progress, however, came to naught and it is contended that when the Provincial Board of Health condemned the site for cemetery purposes the matter was closed as far as the Department of Lands was concerned. It is, therefore, in the opinion of certain officials of the department, closed as far as the Government is concerned, and no redress is open to the prospective purchasers.

FRENCH AVIATOR ON NORTH POLE TRIP TO USE MOTOR SLEIGHS

PARIS, Oct. 11.—Avionettes on skis and sleighs with wide runners are the means of locomotion with which Naval Lieutenant Darcis, who left Havre for Point Barrow, Alaska, last month, expects to conquer the North Pole.

The sleighs, driven by motor, are built along catenary lines, but with teeth to bite in the ice. They will be used to advance when the weather is too stormy for flying and carry on them the two light planes to ice fields, the smoothness of which may permit them to take off when the storm has abated.

The avionettes are regulation forty-horsepower monoplane of the same type as the plane used by Lieutenant Thoret in his non-stop flights from Warsaw to Paris and over Mont Blanc.

The expedition is a semi-official one, the funds having been furnished by the government. Lieutenant Darcis, the leader, and his in command, Lieutenant Joublin, are both in active service in the French navy. The remainder of the party of twelve is composed of civilians.

They expect to be gone two years.

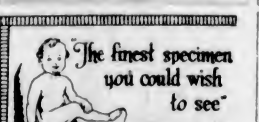

FEEBLE-MINDED TESTED IN COURT

NEW YORK, Oct. 11.—The intelligence tests being tried on unsuspecting college freshmen are as nothing compared with a test for feeble-mindedness which Judge Otto A. Honsky has brought into general sessions court.

Explaining he had tried the test on a number of New York school teachers and found that some of them were nothing more nor less than mental defectives, the judge asked this question of four youths whom the Tombs prison physician had reported as mentally deficient:

"If a horse weighs 400 pounds on four legs, how much does he weigh on three? On two?"

All four were sure the horse weighed 300 pounds on three legs. When standing on two legs the horse would weigh 200 pounds, asserted two youths, but the other two affirmed he would then weigh but 100 pounds. The judge turned the youths over to the Tombs physician to be placed in detention institutions for treatment.

KITCHENER, Ont., Oct. 11.—Too great temptation placed before Harold Macneil, twenty, who stole \$32,000 from the Galt Branch of the Bank of Montreal, where he was ledgerkeeper. This was the opinion of Judge E. J. Hegren, who sentenced Macneil to three months in the county jail when he pleaded guilty to the theft. The small salary paid to Macneil, and the neglect of a senior official in failing to lock the safe of the bank, were mentioned by the judge.

CHAIR ENDOWMENT IS ORGANIZED HERE

Local Council of Women Takes Responsibility for Home Economics Campaign for Island

At its regular meeting yesterday afternoon, held at 501 Union Building, the local council of women, organized for the purpose of raising funds for the endowment of a chair of Home Economics in the University of British Columbia, met to discuss the campaign for the endowment of a chair of Home Economics in the University of British Columbia. The committee, which is to meet at Mrs. MacLaurin's home on Thursday afternoon, consists of Mrs. Riddell, Mrs. MacLaurin, Mrs. Laing, Mrs. Gies, Mrs. Sara Spencer, Mrs. Farr, Mrs. V. S. MacLachlan, Mrs. Lucas, Mrs. Havelhill, Mrs. Canavan and Mrs. H. E. Young.

The matter was introduced to the meeting by Mrs. MacLaurin, who reported the results of the meeting held last Thursday evening at the Parliament Buildings, and again reviewed the purposes of the proposed chair. Everyone, she thought, must be in favor of such a Home Economics course, but it had remained for the women of Vancouver to take the initiative in the matter and launch the campaign for the \$50,000 wherewith to endow the chair, "perhaps the only chair of the kind in the world," she added.

The proposed plan of campaign, which entailed the canvassing of every school child, every woman, every teacher, every member of convocation, letters to editors, house-to-house canvass, was a colossal task. The Victoria Local Council was a pioneer in the matter of the introduction of Home Economics in the public schools, and it was natural that she should support the idea now that the campaign locally should come under their auspices.

Civic Election
Miss Bowron reminded the meeting that this was the month for voters to register. She also once again introduced the matter of the appointment of policewomen, urging that two are necessary to be effective. Mrs. Schofield urged the necessity of getting highly trained and specially trained women for the work. Miss Bowron and Dr. Irene Hudson were named a committee, with power to add, to consider this matter.

Mrs. MacLaurin recommended the council members to take more active interest in the City Council meetings and thus make themselves better acquainted with the questions coming before that body.

Mrs. MacLaurin reminded the members that in the forthcoming elections three trustees are to be elected. Could not the Local Council get the three candidates to commit themselves as to their standing on the matter of the Home Economics course in the High School here? Without this course, Victoria girls entering the University of British Columbia, course, would be severely handicapped.

Miss Lawson called attention to the fact that the woman was running either for alderman or school trustee. Mrs. J. D. Gordon emphasized the necessity of taking precautions in the nominating of a police commissioner.

Expresses Disappointment
In giving her report of the tag day for the children's operating table at the Jubilee Hospital, Mrs. Booth expressed disappointment at the lack of support from the affiliated societies, which promised well but did not meet their pledges. The total collection on the tag day had been \$513.64. Expenditure for operating table, etc., during the first four months of the year had amounted to \$137.50; for the second four, \$235, bringing the total expenditure to date to \$372.50.

The question of sterilization of the mentally deficient, considered by the Provincial Council at its meeting here a few days ago, and from which body a majority vote representing Vancouver and New Westminster councils, recorded in favor of sterilization, was introduced to the meeting by Dr. Irene Hudson, who argued against this method of meeting the problem. The object of the discussion, however, being to discover some means of informing the Provincial Government that the Victoria Local Council had not voted on the matter at that meeting because it did not feel sufficiently well informed to do so. Yesterday's meeting endorsed a resolution introduced by Mrs. J. D. Gordon, "that the Victoria Council write to the Provincial Council expressing their reasons for not voting on the question he appended to the Provincial resolution."

Mrs. R. B. McMicking drew the attention of the meeting to the use of profanity on the screen and entered a protest against the admission of this in "movie" tests.

Mrs. Gathralh and Mrs. W. J. H. Holmes were appointed a committee of two to complete arrangements for the lecture and concert to be given in the near future in aid of the council funds, the lecture part of the entertainment having already been offered by Very Rev. Dean Quinlan.

"How did you acquire your fortune," inquired the interviewer of the famous poet.

"At a single stroke," came the answer.

"Of your pen?"

"No," confessed the bard, "of my paralytic uncle."

VICTORIA COLLEGE SCHOLARSHIPS GIVEN

Annual Ceremony Took Place Yesterday in Presence of Large Gathering—Growth Retained

The annual ceremony of the presentation of scholarships took place at Victoria College yesterday in the presence of the whole faculty and of a large gathering of parents and friends of the scholarship winners.

In some instances the scholarships were presented to the winners by the donors; in other instances by the donors. Major and Mrs. Longstaff presented the two new scholarships which they have recently donated. Major Longstaff, for Latin, going to Miss Hilma Marshall, and Mrs. Longstaff's, entitled "The Agnes Deane Cameron Scholarship," given for the highest standing in English, going jointly to Miss Peggy Gourlay and Miss Barbara Felton.

These are both scholarships for first year students continuing their work in the second year. In the same group are the mathematics scholarship, donated by Messrs. David Spencer, Ltd., won by Philip Rose; and the Kewanee Club scholarship for general proficiency, won by David Le Page. Both these last were presented by Mr. B. C. Nicholas for the donors.

The University Women's Club scholarship of \$50 to the girl student taking the highest standing was presented by Mrs. Hart for the donors, to Miss Barbara Felton.

Two other scholarships in the list have still to be presented. One of these is the Canadian Club history prize, won by Miss Jean Skelton; and the French scholarship given by Mr. W. C. Nichol, ex-Lieutenant-Governor, and won by Miss Marguerite Sanderson.

In his address to the gathering Dr. E. B. Paul, principal of the college, referred to his own prize of \$25 "for the best translation into English of an ode by Horace," stating that this had been won by Miss Hope Leeming and presented to her last Spring.

In this address Dr. Paul also briefly reviewed the progress of the college since its foundation six years ago, with seventy-five students, up to the present time, when the student body numbers 194.

Following the formal ceremony in the assembly hall, tea was served in the library by the faculty and students.

St. Martin's Harvest Festival Big Success

The Harvest Festival concert of the church of St. Martin-in-the-Fields, Obed Avenue, under the direction of Miss C. M. Arnup, was a great success. The building was filled to capacity. Opening with "O Canada," the programme included the following artists, who were enthusiastically received and encored: Mrs. W. Griffith, Mr. Merry, Miss Catherine Craig, Mr. Fred Wilkinson, Miss C. M. Arnup and Mrs. Paulker.

Little Miss Craig, aged ten years, winner of the British Columbia Festival medal for the last two years, and also of the 1926 gold medal of the Victoria Bursar Club, was accorded tremendous applause for her recitations. Mr. Fred Wilkinson made a great hit with his character sketch and was recalled several times.

The proceeds were devoted to the expenses of the church.

After the concert three choral were called for Canon Stocken and the artists. The proceedings closed with the National Anthem, and, after the concert, Mr. A. W. Arnup auctioned off the harvest offerings.

C.P.R. Plans Sent To Works Committee

A communication, accompanied by blue prints showing the proposed extension of the C.P.R. terminal on Belleville Street, and asking that the plan be endorsed by the City Council, was referred to the public works committee for report. When these plans are endorsed by the City Council they will be forwarded to the Department of Marine and Fisheries at Ottawa.

NEWS OF THE SPORTING WORLD

St. Louis Cardinals Win Championship; Alexander the Hero

Veteran Pitcher Steps Into Breach and Clinches Victory for National League Pennant Holders in Their Enemies' Stronghold — Meusel and Koenig Make Costly Errors Which Contribute to Defeat

NEW YORK, Oct. 11.—The gaunt weather-beaten figure of Grover Cleveland Alexander came back in all its ancient pitching mastery yesterday to check the Yankees for the third time and clinch the first world's baseball championship that St. Louis has known in forty years.

Through the haze of this crucial test, the seventh and deciding game of the 1926 diamond classic, the Yankee defeat crumbled to yield the Cardinals their winning margin of 3 to 2, but it was Alexander the great who saved the day with as dramatic and exciting a finish as any championship conflict has ever witnessed.

To the Rescue

The bases were full, two were out and only one Yankee run was needed to tie the game in the seventh inning when Alexander came to the rescue of the tottering Cardinal right-hander. Jesse Haines, whose finger was split from throwing his knuckle ball and whose control was ebbing fast. It was a situation calculated to test the stoutest heart and the most seasoned skill with \$50,000 and a world's championship hanging in the balance, but Alexander was equal to it.

Facing Tony Lazzari, a rookie, almost young enough to be his son, the great veteran pitched his trousers, called on the power of a right arm that has carried him through the major league campaigns and struck out his man to retire the side as the crowd broke into a frenzied uproar.

Not since this crisis, the most dramatic moment of the game, Alexander easily subdued the Yankees in the closing two innings, yielding only a pass to Babe Ruth in the ninth as he completed one of the greatest pitching exploits in world's series history.

Triple Triumph

Twice before Alexander had stopped the American League champions, going the full route to gain victory that pulled the fighting Cardinals each time back to even terms. It was only Saturday that his masterful box work led the National League to the triumph that forced in series to the limit, yet he was ready again yesterday, as strong and as effective as ever to cap the climax of his heroic role.

Not since the famous right arm of Walter Johnson pulled the Senators to their first world's championship in 1924, has there been anything so colorful as this finish of Alexander's. Two years ago, however, the big train came back victoriously after being defeated, while this time the stalwart Nebraska stepped into the breach with two victories already behind him.

Alexander did not get official credit yesterday for a victory that would have put him among the honor roll men who have won three world's series games. The series was won on the books in Haines' name, but the glory belongs to Alexander, the thirty-nine-year-old warrior, who was sold "down the river" short time ago as a Chicago Cub discard.

Costly Errors

Thwarted as they were by Alexander's great stand, it was nevertheless a heartbreaking defeat for the Yankees, who battled desperately to overcome a margin they had yielded in the fourth inning when the Cardinals, aided by two errors by Koenig and Meusel, scored all their three runs. It was heart-breaking, came for Babe Ruth, who led the run of the series, again shattering all world's championship records, had put the Yankees in the lead and upset the confidence of Haines, hero of a shut-out victory over the American League champions in St. Louis.

But it was thrilling just the same for the Cardinals, themselves victims of unfortunate "bombs" in previous games, yet possessed of the fighting spirit and pluck to come back when their cause seemed lost and capture, on foreign soil, the final two games that carried them to the world's championship.

After Forty Years

Forty years is a long time between titles, but this conquering clan, the first National League pennant winner St. Louis has ever had, had yielded under fire to establish its right to the peak. Back in 1886, when St. Louis, then in the old American Association, was in the throes of its first and last pennant winning streak. Its representative triumphed over the Detroit Nationals in the ancient equivalent of the modern world series. But those days have almost been forgotten in the long and barren stretch in between. The triumphs of ancient times carried no such glory and gold as goes with victory in the modern classic of the diamond. And so yesterday's triumph marks the end of a long time of hope, with the dreams of two score years ago.

It was not by any overwhelming margin, however, that the Cardinals captured the game's biggest prize in a drab, rain-soaked setting that found only 35,000 fans in the vast crowd of only of the four games in New York, looking on, chilled and bundled in coats. But for the errors of Koenig and Meusel, the Cardinals would not have scored in the fourth, and Ruth and Hoyt might tonight be occupying the niches in the Hall of Fame that opened its portals instead to the heroic figure of Alexander.

The Yankees fought desperately to overcome the advantage they handed to their foes. They drew up within a run of the Cardinals in the sixth, when Hoyt was withdrawn as reserve forces were tossed into the battle, but they were balked then by Haines, and again in the seventh by Alexander, as the Cardinals put up a stonewall defense behind the gallant work of their boxmen.

Shares the Laurels

Tommy Thoenow, gallant little shortstop, shares the laurels of the Cardinals' final triumph with Alexander, for it was his fielding that repeatedly checked the Yankee attack and his bat that supplied the decisive blow in the fourth inning. The way for him was paved in this frame by Yankee errors, the first Cardinal run registering when Meusel muffed O'Farrell's long fly in his haste to make the throw to the plate, but it was a clean hit from Thoenow's bat, a smoking shot to right, that scored Ruth and Haines with the runs that turned out to be decisive.

Hornsbey had been retired in this inning when Bottomley started the fireworks with a single. Koenig let Ruth's hot smash slip through his hands for the first Yankee error, and then the bases were filled when Haines' Texas leaguer dropped safely in left, misjudged both by Meusel and Koenig. Even in the face of these "breaks" Hoyt might have escaped unscathed, but Meusel dropped O'Farrell's drive, while Bottomley scored, and Thoenow's hit completed the attack. Haines and Hoyt were retired easily, but the damage had been done, and Hoyt's brilliant work offset.

Pennock Sent In

In only one other inning, the eighth, did the Cardinals attack threaten, and then it was checked by Herb Pennock, star Yankee south-paw, hero of two previous victories, who was called on to finish the game after Hoyt had been withdrawn for a pinch hitter in the sixth. Thus Alexander and Alexander, the twin mound axes of the contending clans, battled each other to the close, but the game already had no such dramatic opportunity as Alexander faced again yesterday.

The cracks in the defense of the Yankees hurt most, but their failure to seize most of their opportunities on the attack also played a big part in the team's downfall. They threatened in all seven of the innings that Haines was on the mound, and had the bases full when Alexander stepped into the picture, but in only two were they able to push over a run.

Ruth's home run, a towering fly that clearly cleared the rightfield bleacher screen, produced the first tally in the third inning. The first while Haines' single, after being hit by Severid's long double to left, otherwise the decisive punch was lacking.

Ruth Walked

Ruth, his hitting touch restored for the first time since his record-breaking clouting in the fourth game, was ready and anxious to bat the Yankees into the championship, but he had scant chance to do it. He was called to first on his third strike, then a low one that the Babe swung at, only to foul off. Safe thus far, however, Alexander perhaps figured that discretion was the better part of valor, for he pitched wide three times to walk the Bambino, who ended the game a moment later in a vain attempt to steal second with Meusel at bat.

UPLANDS GOLFERS WIN TEAM MATCH

DEFEAT COLWOOD "A" TEAM BY OVERWHELMING MARGIN ON HOME LINKS

"B" Team Is In Turn Beaten by Almost Equal Amount on Opponents' Course

The Uplands Golf Club's A team scored a very decisive victory on its home course over the A team from the Colwood Golf and Country Club on Sunday, winning by a total of 11½ points to 2½, and having a big advantage both in the singles and the fourball matches.

The Colwood B team, playing at Colwood, did its best to try and even matters up, but were not quite able to do so, although they won from the Uplands B players by almost as big an advantage as that gained over their A team at Uplands. The combined totals gave Uplands a four-point lead on the day. The scores at Uplands with Colwood players named first, were as follows:

SCHEDULE DRAWN BY RUGBY UNION

FIRST McKEORNE CUP GAME IN VICTORIA ABOUT NEW YEAR'S DAY

Dr. Sedgewick Is New President—New Rules Adopted—Officers Are Re-elected

VANCOUVER, Oct. 11.—At the thirty-seventh annual meeting of the British Columbia Rugby Union over the week-end, Gordon A. Cameron, of Victoria, president, in the chair, the following officials for the present season were elected:

Honorary president, His Honor the Lieutenant-Governor of British Columbia, Randolph R. Bruce; president, Dr. G. G. Sedgewick, University of B.C.; honorary vice-presidents, J. E. Miller, Victoria; Dr. R. E. McKechnie, University of B.C.; E. G. Baynes, Vancouver; honorary secretary, R. P. Woodward, Vancouver.

The fixtures for the Provincial championship matches, of which the handsome trophy donated by Dr. McKechnie in the year 1896 is emblematic, were arranged as follows:

Nov. 5 or 8—Vancouver vs. Varsity, at Brockton Point.
Dec. 4—Varsity vs. Victoria, at Brockton Point.

New Year's (date to be mutually arranged)—Victoria vs. Varsity, at Victoria.
Jan. 22—Vancouver vs. Victoria, at Victoria.

Jan. 29—Vancouver vs. Varsity at Brockton Point.
Feb. 6—Victoria vs. Vancouver, at Brockton Point.

Gratifying reports were received from the Victoria delegates regarding the growth of the game and the added interest that is being taken in the Capital, and some very keen inter-city contests seem to be assured. The new half-back rule that is working so well in making for open and interesting play in Vancouver, is going to be adopted on the Island.

The complimentary tickets for the Calcutta Cup, the great match of the season between England and Scotland, have been received from Twickenham, and the secretary will be pleased to hand these to any Rugby enthusiast who may be in a position to use them. The delegates were: Gordon A. Cameron and R. H. McInnes, Victoria; Bert Tupper and G. R. N. Stevens, University of B.C.; C. W. Stokes and R. P. Woodward, Vancouver.

Ulster United Draws With Czechoslovaks

CHICAGO, Oct. 11.—Ulster United, of Toronto, played a drawn soccer game with the Sparta team, from Prague, Czechoslovakia, here yesterday before a record crowd of 25,000 persons. The score was 4-4.

Soccer Line-Up

The Hudson's Bay soccer line-up announced for their game with the Navy on Wednesday, at the Royal Athletic Park, is as follows: Shrimpton; Armstrong and Carding; Hagen, McKay and Kirchin; Addie, Fleh, Robinson, Woodley and Hansen. Reserves: Gibney, Melville and Carey. Players will meet at the employees' entrance at 2:15 p.m.

New Governor-General Inspects Guards at Quebec

ONE of the best dressed men ever in the British House of Commons, sworn in as Governor-General of Canada, above photographs show scenes of the viceregal arrival at Quebec City on Saturday, October 2. Upper photo, snapped in a drizzling rain, shows Viscount Willington during the inspection of the guard of honor on King's Wharf, Quebec, immediately after disembarkation from the Empress of Scotland. His Excellency is chatting to the

officer of the guard, with his aide in attendance. Lower, taken in the council chamber of the Quebec Legislature, shows the administration of the oath. The ceremony, which was presided over by Chief Justice Anglin, was attended by most of the official life of Ottawa as well as of Quebec. In the immediate foreground (part of the two rows facing His Excellency) may be seen Premier King and members of the Cabinet. The Prime Minister wore state regalia.

CARDINALS RETURN TO HOME GROUNDS

World Series Players Starting on Hunting Trips—Canadian Moose and Caribou Will Suffer

ST. LOUIS, Oct. 11.—Travel-worn, but triumphant, Manager Rogers Hornsby led fifteen members of his world champion Cardinal baseball club back to home grounds late today to a welcoming crowd of about 1,000 boisterous fans.

Most of the players, however, managed to slip away from the admiring welcomers and were escorted to their homes or hotels by motorcycle policemen, where they hoped to get a little rest before a formal celebration staged tonight at Sportman's Park in their honor. Alexander "the great" and Bottomley were about the only members of the club that were recognized as they were smuggled out of the Union Station Midway and into waiting automobiles by members of the reception committee. "Silent" Tommy Thayer managed to elude his admirers altogether.

NEW YORK, Oct. 11.—Many of the Cardinals and Yanks are planning hunting trips, and now will spend some of their world-series money for gunpowder when they get their cheques. Canadian moose and caribou formed the objective of an expedition personally conducted by Hob Shawkey. The Yank pitcher will lead his party to St. Felleche, 280 miles north of Quebec. Shawkey, "Red Sam" Jones, Mark Koenig and Bernie Bengough, of the Yanks; Eddie Collins, manager of the Chicago White Sox, and Joe Rush, of the Pittsburgh Pirates, left tonight for Montreal. Babe Ruth, Herb Pennock,

Nanaimo Reinstated In Football League

NANAIMO, Oct. 11.—The Nanaimo City Football team recently made application for reinstatement in the Pacific Coast Football Association, and on Saturday the executive received the following telegram, which is self-explanatory: "Pacific Coast Football League unanimously grant your club resumption of your place in first division. Letter following. President and secretary extend congratulations."

As a result of above, the local team will now be active in the game, and although the schedule has been started, they will have plenty of time to catch up.

Lacrosse Association Holds Wind-Up Meeting

At the wind-up meeting of the Victoria and District Lacrosse Association, which was held at the Y.M.C.A., the secretary, Mel Hicks, by his report showed that the association was in a satisfactory way financially. Lacrosse is making strides to the front, according to Leonard Tall, president of the association, and the past season was quite a success. Already plans for the next year have been gone into and lacrosse, according to the men in charge, is due for a great comeback in the next few years.

Swedish Swimmer Sets New World's Records

STOCKHOLM, Oct. 11.—Arne Borg, the Swedish champion swimmer, has set up new swimming records at three distances. He covered the 500 yards in 5 minutes 35½ seconds, 200 yards in 3 minutes 15½ seconds, and 300 metres in 3 minutes 33½ seconds.

The previous records were made by Johnny Weismuller, the American star, 3:47 3-5, 3:14 3-5, and 3:35 1-5, respectively.

Indoor Bowlers to Meet

A meeting of the City and Commercial Bowling Leagues will be held tonight at 8 o'clock in the Pemberton Alley. As the leagues will get under way on October 13, it is hoped that as many as possible will be present. Team managers are reminded that registrations should be filed by the above date.

FIGHT PICTURE SHOWS ACTION VERY CLEARLY

Film Now Running at 'Dominion' Gives Excellent Idea of How Tunney Won Title

Local followers of boxing have a real treat in store in the showing, at the Dominion Theatre this week, of the Tunney-Dempsey fight. In a picture that shows the action clearly, Jack Dempsey, one-time idol of the pugilistic ring, is shown out-fought, out-generalized in ring craftsmanship and punched into submission by the challenger.

In the early stages of the fight the dethroned king of the boxing world is shown as the aggressor, and leads the fight to his opponent, only to be met with a fusillade of jabs and right crosses. Tunney's blows send the champion to his heels and stagger him on more than one occasion.

Criticism that the defeated man was fighting on his heels can readily be denied, as the late champion only assumed this position when forced to do so by the punishment. Dempsey is seen to duck quite often in an effort to dodge Tunney's blows, but oftentimes his judgment was misplaced and the winner would land lightning rights to the head.

Neither Tunney, the victor, nor Dempsey, the defeated world's champion, appear in distress during the whole of the ten rounds of eleven boxing. What is readily seen is that the defeated man tried everything known to him in the boxing game to try and retain the laurels he won from Jess Willard some years ago.

Lady Hunter Bags Panther at Sooke

Mrs. George Waller had the luck to bag a panther on Sunday. She was hunting in the Sooke district and came upon three young ones and their mother, one of which she killed with a well-directed shot.

CESAREWITCH WILL BE RUN TOMORROW

Over a Score Horses Will Start in Classic Handicap at Newmarket—The Latest Betting

LONDON, Oct. 11.—The stage is practically set for the annual renewal of the Cesarewitch, greatest of Autumn Handicaps, which will attract horse fanciers from all over the kingdom to Newmarket on Wednesday to see the race over the special course of two and a half miles. Withdrawals have reduced the field to twenty-seven, and well over a score will start. In former years the field was rarely below thirty.

In tonight's London betting Sol Joel's Glommen and Sir Alfred Butt's colt, Perfect Son, were the favorites, the former at slightly lower odds. Carlake, one of the strongest jockeys of the turf, will ride Glommen, while Birtch has the mount on Perfect Son.

The betting: Glommen, 4 to 1 against; Perfect Son, 13 to 2 against; Foxlaw, 9 to 1 against; Try, Try Again, 10 to 1 against; Templespie, 100 to 1 against; Mendosa, 100 to 1 against; Miss Sport, 20 to 1 against; Mafota, 22 to 1 against; Take My Tip, and Forsett, 21 to 1 against; 33 to 1 against Riddenna, Lock Sen, Goodwin, Antelope; 50 to 1 against Kwanen, and 56 to 1 against Wolf. Others were not quoted.

Five Instantly Killed

TOLEDO, Ohio, Oct. 11.—Five per-
sons were instantly killed when a New
York Central passenger train struck
an automobile truck at a grade cross-
ing near Cleveland, Ohio, fourteen miles
west of here, last night. The dead:
Ell Orni, forty-eight; Mrs. Ell Orni,
forty; Ellen Orni, fifteen, a daughter;
Mon Orni, three months old, a son,
and Lavine Orni, four, a grand-
daughter of Mr. and Mrs. Orni. All
the dead lived in Silica, Ohio.

'The Waltz Dream' Retains Charming Viennese Flavor

Capitol's Screen Aglow With Luxurious Scenes of
Gay City—"Here All the Girls Are Blond and All
the Men Are Men"

There is charm and fervor, joy and
pathos, comedy and just a little note
of sadness in "The Waltz Dream,"
the U.F.A. special which had its first
showing at the Capitol Theatre yester-
day. The flavor of old Vienna is in
the picture, and one has an intense
longing to go to that gay city, where
girls are blonde and gentlemen are
men, where music and the luscious
white wines of Grinzig blend to make
happiness. Really, the film is enough
to make anyone daft about Vienna.
Then, of course, the fact that Oscar
Straus' operetta forms the basis of
the story, and Oscar Straus' famous
waltzes form its musical background
tends to make the evening at the
Capitol Theatre thoroughly enjoyable.

OFFICIAL FIGHT FILM
SHOWN AT DOMINION

Dempsey-Tunney Battle Is Pictured—
Bebe Daniels Hilariously Funny
in "The Campus Flirt"

The Dempsey-Tunney fight fea-
ture which opened yesterday at the
Dominion Theatre shows the official
exclusive picture of this great heavy-
weight championship battle.
Each round is shown in detail.
The wonderful slow motion pictures
of the fight, shown in addition to the
actual fight rounds, are a remark-
able exhibition of the action of the
two boxers. Round for round, blow
for blow, the science and skill of the
great fighters are shown in photog-
raphy remarkable for its clearness
and lighting perfection.

Bebe Daniels
Leave it to Bebe Daniels to burst
forth with something new! Par-
amount's apt comedienne, as dainty
and charming as ever, is with us
again—this time with a comedy that
should win an honorary degree.

That's the reaction one gets from
her latest production, "The Campus
Flirt," which opened at the
Dominion Theatre last night.

Bebe's story concerns itself with
the activities of a college girl who
"high hats" everyone falling to come
up to her ridiculous standard. The
girl's subsequent treatment at the
hands of her fellow students pro-
vides one with a laugh each second.

How she defeats Charlie Paddock,
"world's fastest human," playing a
featured role; how she refuses to
"walk home" from a boat ride, and
any of a hundred other situations,
will keep you in hysterics. El
Brendel's inimitable cavorting with
Minnie, his pet mouse, is a comedy
classic. James Hall, the third fea-
tured player, makes a creditable
screen bow.

PLAYHOUSE "Subway Sadie," a
THEATRE First National pic-
ture, directed by Al-
fred Santell and produced by Al
Rickett of "Abraham Lincoln" fame,
is the attraction this week at the
Playhouse Theatre. Dorothy Mac-
Neill, Jack Mulhall and Charles Mar-
ray are the featured players. This is
an excellent photoplay built around
the romance of a New York working
girl and a subway guard. Miss
MacNeill is perfectly adorable in this
picture. Jack Mulhall gives a won-
derful performance. Charles Murray
is a comedy taxi driver and gives his
quota of laughs. It is an excellent
picture.

COLISEUM From the moment the
THEATRE curtain rises on "Are
You a Mason?" which
had its initial showing at the Coliseum
last night, until the curtain drops on
the last act the large audience was
treated to two solid hours of the most
ludicrous antics ever pulled off on the
legitimate stage. As soon as Geo.
Olson, a young married man posing
as a member of the Masonic Society,
meets his father-in-law (Ed Red-
mond) a Mason of a similar kind,
but of twenty years' standing, the fun
starts in earnest, and as laugh fol-
lows laugh, does not let up until the
audience is left in a condition border-
ing on hysteria.

COLUMBIA Old-fashioned melo-
THEATRE drama, so enthu-
siastically received by
the public in the days of the two-reel
thrillers, has been brought back on
the screen again in the Cecil B. De-
Mille supervised production, "The
Coming of Amos," which is now play-
ing at the Columbia Theatre with
Rod La Rocque in the starring role.
Opposite Rod La Rocque in the
hero's role, Jetta Goodal portrays the
role of the heroine in a manner
worthy of her title as "the screen's
most fascinating personality." Noah
Beery, as the villain, adds life and
color to this featured role.

Galli-Curci Sings
At Royal Victoria on
Wednesday, October 27

Italy's city of Milan is famed
throughout the world for universally
known reasons, for its marvellous
cathedral of white marble, on whose
roof hundreds of angels glisten on
their pinnales against the sapphire
blue of cloudless skies, for its opera
house, La Scala, a living monument
in the history of music; and for the
fact that it is the birthplace of Am-
elita Galli-Curci, the world's twen-
tieth century Queen of Song, who
will be heard at the Royal Victoria
Theatre October 27. In Milan Mas-
cagni, the composer of "Cavalleria
Rusticana," predicted a wonderful
career for her. In Milan she studied
intensively from childhood, being
mistress of five languages when she
was but thirteen, and in Milan she
graduated as pianist three years later,
winning first prize at the Conserva-
tory. Just then her banker father
met with business reverses and for
three years she supported the entire
family by teaching her chosen in-

work, an inspiring story, and a splen-
didly directed picture, with Julianne
Johnston and John Roche in the
leading roles, go to make "The
Vision," which is the second feature
on the Capitol Hill this week. This
film is the most talked about short
picture of the year. It is the first of
a series of six short pictures made by
Romance Productions for Educational
Pictures based on world famous
paintings. "The Vision" was inspired
by Sir John Millais' painting, "Speak!
Speak!"
Exquisite coloring, subtle double
photography and splendid continuity
in this Technicolor production held
the audience of the Capitol Theatre
spellbound yesterday. Seldom is such
a gripping subject presented in so
short a period.

INCREASED CUT AT CAMP AND MILL

Achieves Record for Alberni Pacific Company During Month of September

PORT ALBERNI, Oct. 11.—The Alberni Pacific Lumber Company, Ltd., made record cuts in both the mill and the camp for the month of September. At the logging camp they logged 4,000,000 feet and at the mill they cut 5,000,000 feet. The mill hopes to raise the record this month by 500,000 feet. Two boats have taken cargoes so far this month and more are expected, so a record may be made in the shipping line from this port.

Mrs. Henry Hanson Was Noted Musician

TOFINO, Oct. 7 (By Mail).—Mrs. Hanson, wife of Mr. Henry Hanson, of the Clayoquot Life Saving Station, died in the Jubilee Hospital on September 30, at the age of fifty-one. Her body was forwarded to Tofino on the Princess Marquina and interred in the local cemetery on October 5.

Mrs. Hanson, whose maiden name was Klashala Maud Holter, was born in Wiltshire, England, and having a wonderful aptitude for melody she soon acquired a splendid musical education, and, adopting music as a profession, she emigrated to Germany, where she officiated as instructor in several of the leading conservatories until she married, after which she, her husband and three children finally came to Canada, where he died.

Later on she married Henry Hanson, of Tofino, and there are two children of this marriage. She still retained a large clientele of pupils, and officiated as organist in the St. Columba Church of England, of this place.

She was quite popular on the West Coast, and her death has been a source of universal regret.

Vancouver Island

RESIDENTS SCALE ISOLATED PEAK

ASCENT IS MADE OF MOUNTAIN ON MEARES ISLAND, CLAYOQUOT SOUND

Splendid View Is Obtained From Summit—Hard Climbing Necessary to Reach Top

TOFINO, Oct. 7 (By Mail).—Last Sunday morning an adventurous party of young people essayed an attempt to climb the pinnacle of Lone Cone, a majestic mountain that stands in isolated grandeur on the western end of Meares Island in Clayoquot Sound, and is reputed to have been the hiding place of two old-time notorious outlaws who were engaged in the nefarious pursuit of bootlegging rum to the Indians.

The party consisted of the Misses Jean and Gretel Nicholson, Miss Audrey Colon, and Messrs. Cal Ober, Hubert Elk and Jack Berryman, and Mrs. Towler, of Clayoquot, who officiated in the capacity of chaperon, and were conveyed to the foot of the mountain by Mr. Duncan Grant on the launch Agnes.

The mountain while very steep was by no means precipitous, although at one point the young people were compelled to negotiate the ascent on their hands and knees for a considerable distance. But after much gasping, merriment, and a world of scrambling and backsliding, the merry party finally attained their objective and lunched in triumph on the grim mountain's topmost towering height. The only casualty was Miss Jean Nicholson, who accidentally tumbled into a deep slough in one of the gullies.

The party declare that the view from the top is inconceivably magnificent, being an endless panorama of ocean, mountains, rivers, lakes and inland arms of the sea, with Cape Flattery, the Olympics and other parts of the American coast plainly visible in the distance.

Mr. Carl Arnet met them with his boat at the foot of the mountain, and they returned from the trip unanimously of the opinion that the reward in enjoyment more than compensated them for their strenuous experiences.

North Saanich Social Club Holds Weekly Card Party

NORTH SAANICH, Oct. 11.—The North Saanich Social Club held its weekly card party and social evening in the club rooms, School Crossroads, on Saturday night. There was a large turnout of members and their friends, and a most enjoyable time was spent at progressive five hundred, which was played at thirteen tables. The lady's prize was presented to Mrs. J. Readings, and the gentlemen's prize to Master Wilfred Hill. At the conclusion of the game, refreshments were served by Miss Dorothy Norbury and Miss Gladys Ricketts, and the remainder of the evening was spent in dancing, the music being supplied by the club's three-piece orchestra.

The North Saanich Social Club will hold its first dance of the season in Berquist Hall, on Thursday, October 21, in celebration of Trafalgar Day. Kinloch's four-piece orchestra will supply the music, and dancing will be continued from nine till one. Mr. L. Ricketts is convener.

Kerrisdale Resident Dies at Duncan

DUNCAN, Oct. 11.—The death occurred this morning at the King's Daughters' Hospital, Duncan, of Mr. Leslie Hamilton Compton, of Kerrisdale, Vancouver, and formerly of Westholme. He was born in Prince Edward Island and was sixty-four years of age. The funeral will take place tomorrow afternoon at 2:30 o'clock from Whidden's Funeral Parlor, service being held at St. Mary's Church, Somenos, by the Rev. F. Granville Christmas.

Ladies' Guild Entertains

NANAIMO, Oct. 11.—The Five Acres Ladies' Guild entertained recently, on the occasion of the eleventh anniversary of the building of the Mission Hall. The president, Mrs. Kneen, and Rev. Mr. Stevenson received the visitors. Mr. Hollister and Mrs. K. Tombey were in charge of the door. Mrs. Hacker and Mrs. Cannon were convener for refreshments. Assisting in the kitchen were Mrs. Kerr, Mrs. C. Whitmore, Mrs. Bancroft and Miss Darwell. Serving were Mrs. Beaumont, the Misses I. and E. Bancroft, Mr. Jones and N. Board. After refreshments had been served Mr. Stevenson and Mr. Cannon auctioned off the flowers, which realized a neat sum. The following artists contributed to the musical programme, which was in charge of Mrs. Thomas Bennett: Mrs. Cannon, Mr. Stevenson, Messrs. Crabbe and Kirkpatrick, Mrs. Lewis, Mrs. Bennett, the Misses Nancy and Lily Brankston and Miss L. Sykes. Miss Dorice Bennett accompanied the artists on the piano and Mrs. Ruthworth played for the dance which followed.

Employees of the B.C. Telephone Company's plant department from Duncan, Nanaimo, Parksville, Alberni, Cumberland and Courtenay, gathered in Nanaimo Saturday evening at Philpott's Cafe, where, in the private banquet hall, a most enjoyable evening was spent. Mr. Walter Jones, district superintendent, acted as chairman. About thirty were present.

Women's Institute Meets

BRENTWOOD, October 11.—The monthly meeting of the West Saanich Women's Institute will be held Tuesday, October 12, in the Institute Hall, Brentwood. Capt. Ian St. Clair will give an address on "Athletics in the schools."

The opening of the basketball season will be celebrated in the West Road Athletic Hall, corner of Keating Cross Road and the West Saanich Road, on Friday evening, October 15. Pitt's three-piece orchestra will furnish the music, dancing being from 9 until 1 a.m. The committee has worked very hard to make this a success, and it is hoped as many as possible will attend.

FIRE OCCURS AT SHINGLE MILL

PORT ALBERNI, Oct. 11.—The former Grete shingle mill which is now operated by the Alberni Pacific Lumber Company, caught fire about half-past eight on Saturday evening. The origin of the fire has not been found. At the time the fire started the engineer was engaged in the engine-room doing some repair work when flames seemed to fill the room very suddenly. The alarm was given and the fire department arrived, and soon had the fire out. The soft plug blew out of the boiler, so perhaps saved the boiler from blowing up.

The Alberni Pacific will repair the mill and hope to have it operating again shortly.

Boys' Band to Visit

SOOKE, Oct. 11.—The Ladies' Aid Society of Knox Church will hold its regular monthly meeting on Wednesday at 3 o'clock in the manse. All members are requested to attend as several important business matters will be brought up.

On Friday, October 15, the Victoria Boys' Band will hold a concert in Sooke Hall, commencing at 8 o'clock. The programme will consist of selections, marches and a short sketch, and dancing will follow.

Mr. Hotliard, of "The Belvedere," who has been confined to his room for about three months through severe illness, is now able to be about.

Select Officers

NANAIMO, Oct. 11.—The following officers were elected for the coming year at the annual meeting of St. John Ambulance Association, Nanaimo Centre, at a meeting held recently: Honorary president, Mr. W. H. Moore; honorary vice-president, Mr. W. Fulton; president, Mr. T. Rutherford; vice-president, Mr. W. Fulton; second vice-president, Mrs. J. Nicholson; secretary-treasurer, Mr. W. H. Thorpe.

MOTORISTS HAVE TO BORROW CROSSCUT

Unpleasant Experience During a Storm at Dashwood, on Island Highway

LADYSMITH, Oct. 11.—The Island Highway has been very much improved during the last year. Great credit is due to those in charge of the work in various districts. It is to be hoped that the good work of oiling will continue, which helps to add to the pleasure of the tourist in season and also the local motorist. A trip to Alberni, Courtenay and Campbell River, in most enjoyable in good weather, but it is in the rainy season when the good roads are most appreciated, but there are sections where the old trees which stand close to the road are very dangerous to public traffic and attention to the removing of them should be given.

"BUT I WANT TO CROSS BY MYSELF"

WHEREVER THERE ARE FLIES USE FLY-TOX

A local motorist, accompanied by his wife, narrowly escaped serious injuries last Friday afternoon near Dashwood, when during a wind storm two trees fell, blocking the thoroughfare. The distance between them was about 150 yards, the driver of the car being between them. Fortunately, nobody was hurt. The owner of a crosscut saw was soon located and assisted in cutting the trees and clearing the road for traffic, which caused a delay of about one hour, several cars, traveling north and south, being detained.

"Be careful to wash your face and hands thoroughly—I'm expecting your auntie!"

"But suppose she doesn't come?"

To Become Teacher

PORT ALBERNI, Oct. 11.—Miss Edith E. Craig arrived in the city last night to take up her duties as teacher in the primary department of the Central School. The receiving class being very large, the school board thought it advisable to split it, and provide two teachers, Miss Probert and Miss Craig being the teachers. Arrangements have been made with the Community Hall committee to start badminton play in the hall in a couple of weeks. Three courts will be available for play.

Economies that result in lower Prices

Every day one meets with object lessons in the economies of volume buying.

Cigars by the box cost much less than if bought one by one.

Discount of a cent or so for purchasing in pairs and dozens, is the housewife's well-known measure of economy.

Imagine, then, the savings possible to General Motors of Canada, buying in hundreds of tons, thousands of gallons, millions of feet!

Steel, nickel, copper and brass; wire, glass, lumber and paints; leather and various fabrics; all these General Motors of Canada buys in vast quantities from the home market... Canada.

Naturally the finest products of Canadian mines and forests, the toughest hides from Canadian herds, the choicest weaves of Canadian looms, the best materials from Canadian factories and laboratories, are available to this great Canadian institution.

FOR GIRLS WHO WORK

Lydia E. Pinkham's Vegetable Compound is a Great Friend—It Stops Pain and Restores Health

Toronto, Ontario.—"I work in a factory and I would have to get away from my work every time I was sick. The dragging-down pains and cramps were very bad, but my back was terrible. It hurt so that I couldn't lie down with it. I heard some of the girls talking about Lydia E. Pinkham's Vegetable Compound, and they told me to try it. I have taken about a dozen bottles of it and it has done me a lot of good. I never have any pains or sore back now, and have not been off from work a day since I have taken it. I recommend the Vegetable Compound when I have the opportunity."—Miss ROSS, 21 Howe Avenue, Toronto, Ontario.

"The Advice of a Friend"
Hanover, Ontario.—"I was terribly pained, and a few odd times I almost fainted. I used to do housework until a few months ago and sometimes I had to leave my work and go to bed. I am now a member in the knitting mill. I suffered five or six years from painful periods before I took Lydia E. Pinkham's Vegetable Compound by the advice of a friend. I got relief almost immediately, and I tell my friends what a good medicine it is. You may use this testimonial if you like, if it will help others."—Miss J. PEARSON, Victoria Street, Hanover, Ontario.

"I hope there are no barking dogs in any of the adjoining flats."
"Oh, no, ma'am," said the agent. "Nothing like that at all."
"Then I'll take the place," said the woman, with a sigh of relief. "You see, I've got two dogs of my own that bark like mad, and I really couldn't stand any more."

BAYER DISCOVERS MALARIA SPECIFIC

Inventors of Aspirin Again Amaze Scientific World With New Remedy to Banish Malaria

Cable dispatches from the Bayer Company, of Leverkusen, Germany, announce that a new synthetic remedy for malaria has been discovered by their scientific research workers at Leverkusen, Germany. The discovery was made public at a convention of natural scientists held at Dusseldorf last week. This follows the epoch-making discovery of "Bayer 205" or "Germanin" for sleeping sickness, announced a few years ago.

This newest discovery has been named Plasmochin; is ten times stronger than quinine; is tasteless and quickly destroys the micro-organisms that cause malarial infection. Professor Dr. Nocht, director of the Hamburg Institute for Ship and Tropical Diseases, and a member of the Malaria Commission of the League of Nations, has participated in the extensive research work on Plasmochin, as has also Professor Dr. Muehlen, the well-known Tropical Hygienist, of Hamburg.

Thus a century-old search is at an end. Extensive experiments in the Balkans, Italy, Spain, Macedonia, Serbia, Greece, and other malarial areas preceded the announcement.

Complete data covering these experiments is now being prepared for distribution to the medical societies of the world.

Enthusiastic felicitations were bestowed on the Bayer Company for the tremendous results of this discovery, the full significance of which cannot be estimated in its effects on the field of tropical medicine throughout the world.

CANADA MUST FIGHT FOR PACIFIC TRADE

Mr. A. D. McPhaden Addresses Knights of Honor Table on Commercial Possibilities

In an address before the Ye Loyal Knights of Honor Table, Mr. A. D. McPhaden, manager of the Swift's Canadian works here, after pointing to the progress that was being made in the direction of an extension of the trade of Canada across the Pacific, gave a warning that this business was not going to come to the residents of the country without any effort on their part. Canadians, he said, must keep at work, seeking the extension of this line of enterprise if the trade was to come to the country in the proportions warranted.

The trade with the Orient was on the up-grade but there was still room for a vast increase. This was to be attained, he said, only by determined effort on the part of those who were in a position to meet the demands on the other side of the Pacific.

Those who were pessimistic with respect to the trade of Canada were advised by Mr. McPhaden to study what was taking place. Foreign Trade showed proportions that were very gratifying for a young country, and one that had only a population of about 9,000,000 people.

Raw Material Export
It was true that Canada was still exporting too much of her raw material. It was, however, promising to know that the manufacture of these raw products in the country for export was on the increase.

He called attention to the fact that the quoting of figures indicative of trade and trade balances did not always reflect the true situation. The adverse balances sometimes conveyed an impression that investigation into all conditions showed to be unwarranted.

Dealing with the world's progress in commerce, Mr. McPhaden said that the history of trade had shown development from the east to the west. He instanced the building up of the various commercial nations throughout the history of the race to show that this was true.

British Columbia held the same geographical relation to the Pacific that Great Britain held to the Atlantic. There were, therefore, wonderful opportunities for building up trade.

Province's Opportunity
In this Province there were tremendous possibilities in developing industry. There was great water power and also resources that should make for the establishment of business.

The Oriental trade had been of comparatively recent growth. It was, however, showing excellent development. In 1925 China and Japan purchased from Canada forty-five million dollars worth more than they sold this country.

The speaker referred to the fact that there had been development of traffic with the Orient in the matter of meat. Wheat was being shipped to Japan and China. This trade was

growing. It had been increased by shipments of flour made to the country at the time of need. Another impetus for the building up of a taste for wheat had been afforded during the war, when Chinese, who served as coolies, developed a liking for wheat flour.

In the discussion that followed, Mr. Harry Hodges touched on the point of giving attention to Chinese students who came to the universities of this continent and who thus became occidentalized in their tastes. These students became educators in their native country on their return for the use of wheat flour and other classes of goods that were used and made in this country.

Dr. D. W. Graham, president of the organization, presided.

COPELAND CHINA FIRM CHIEF VISITS CANADA

Famous English Factory Under Same Family Since 1785—Original Designs Treasured

Something of the glamour of old-time craftsmanship, when art in workmanship was loved for itself, is called to mind by the arrival of Ronald Copeland on the Ss. Empress of France. Mr. Copeland is the great-grandson of William Copeland, who in 1775 went into partnership with Josiah Spode, and helped him to start the famous English porcelain factory that bears the Copeland name, and is still controlled by the same family.

The first Copeland having to do with the creation of porcelain was William Copeland, banker and tea merchant, of London, who became acquainted with Josiah Spode, the potter, with original ideas, whom he helped in establishing the plant at Stoke-on-Trent. The plant is still on the original site, though with the years and the widening reputation of the firm, the buildings have grown apace.

English Scenes
Josiah Spode was a pupil, and an apt one, of the potter Wheelton, and when enabled to operate in accordance with his own ideas through the co-operation of William Copeland, he adopted a line of his own. Pottery of those days were striving for continental effects; Spode determined to have his creations on English life, so he depicted English hunting scenes, village scenes, old cathedrals and churches, stately homes and humble wayside flowers. His genius created designs which made his work loved by those who appreciated originality and good taste. Later on, Josiah Spode, the second, perfected the manufacture of porcelain, and by his formula of bone-ash mixed with felspar made the manufacture of porcelain a commercial success. The formula was widely adopted.

It was the second Spode who also introduced the Japan decoration, which, with its brilliant reds and golds, was well suited to the more ornate period which followed the simpler days of Chippendale. On the death of the second Spode, the second William Copeland took entire control of the factory. He was a brilliantly clever man, a patron of the arts and especially of the painter, Herring, was Lord Mayor of London and High Sheriff in three counties.

Parian Marble
Mr. Copeland enhanced the fame of the factory, and under his regime Parian marble, a beautiful "plastic" china was invented, and much sought after for statues of celebrities in early Victorian days. The second Copeland left the factory to his son, Richard, who carried on the tradition for many years, and was in turn succeeded by his son, Ronald Copeland, now visiting Montreal.

Queen Charlotte, unfortunate wife of King George IV, visited the Copeland factory in 1817 to admire the grey and cream tints obtained by the Spode invention of ironstone china, a semi-porcelain. A long procession of princes and lesser celebrities passed through the portals of the factory during succeeding years; Dickens wrote a long description of his visit. Visitors to the factory are shown volume upon volume of designs by Spode himself. The original engravings on copper are still there, and one corner of the factory is devoted to dainty figures with their names, many of them produced from the old Chelsea moulds acquired by the second Copeland.

Shot in Taxi

WINNIPEG, Oct. 11.—Werner Preisig, aged twenty-two, a recent arrival from Port Arthur, Ont., is in the general hospital in a precarious condition from a bullet wound in the head, said to have been inflicted. Preisig hailed a taxi Saturday night and asked to be driven to the hospital. When a short distance from that institution the driver heard a shot and on investigation, found Preisig lying in the back seat with a revolver beside him.

"Beau Geste"

A Great Mystery Story

By PERCIVAL CHRISTOPHER WREN

The three Geste brothers, John, Digby and Michael, are inseparable in their boyhood and youth. They live with their aunt, Lady Brandon, in England. Lady Brandon owns the "Blue Water," a valuable sapphire. One evening, Lady Brandon, the Chaplain, Claudia, Isabel, Michael, Augustine Brandon and John are together, and someone suggests a look at the precious gem. Lady Brandon brings it out. They were looking at it when the lights went out, and when they are again turned on the sapphire has disappeared. Everyone disclaims any knowledge of its disappearance. Lady Brandon gives the person who took it until the next day to replace it.

Was this a trap, a trick of Lady Brandon's to catch the guilty one? Justly or unjustly, I thought she was quite capable of it.

If so, presumably I was caught again in this indistinguishable trap that another should have discerned. I was reminded of the occasion many years before, when she suddenly entered the schoolroom and said, "The naughty child that has been in the still-room has got jam on his chin," and my innocent and foolish hand promptly went up to my face to see if, by some wild mischance, it was jammy.

Well—the best thing to do now was to fade swiftly and silently away ere the trap closed; and I turned, wondering whether Aunt Patricia were watching.

That was an absurd idea, of course. Then I wondered if the box contained some scent of indelible odor, which would betray the guilty hand that had come in contact with it.

Equally absurd.

As I crossed the hall, I also thought of finger-prints.

Had she polished the lid and front of the box with the intention of having it examined by experts for the identification of the owner of the fingers that touched it during the night? Less absurd, perhaps, but utterly improbable. Such an idea might have occurred to her had it been certain that the "Blue Water" was really stolen by a thief who had meant to get away with it.

And supposing the were really the case, and the jewel were not replaced during the night?

There were my finger-prints, anyhow, if she had really thought of this plan! And there they were if it occurred to her later, in the event of the sapphire not being restored. I re-entered the central hall—not more than half a minute later than I had left it—and saw someone coming toward me. He, or she, carried no light, and, of course, could identify me, the candle being just in front of my face.

"Well, Gusie," said I, "Cold morning."

"Well, John. Looking for the key?" said the voice of my brother Michael.

"Yes, Beau," I answered. "It's not there."

"No, John," said Michael quietly. "It's here," and he held it out towards me.

"Beau!" I said miserably. "John!" he mocked me.

A wave of sick disgust passed over me. What had come over my splendid brother.

"Good night," I said, turning away. "Or morning," replied Michael, and, with a short laugh, he went into the outer hall.

I heard him strike a match and there followed the rattle of the key and the clang of a falling lid. He had evidently thrown the key carefully into the box, and dropped the lid without any attempt at avoiding noise.

I went back to bed, and the affair being over and the mystery solved, fell into a broken sleep.

I was awakened at the usual time.

Buy them by the Carton

THE most satisfactory way to buy Edison Mazda Lamps is by the carton of six. Then, when a lamp burns out, there is no frantic scramble to replace it with a lamp stolen from some other socket. The time to buy lamps is before you need them. When you do need them it is often too late to buy them.

On your way home tonight—on your next shopping expedition—make a point of stopping in at the Edison Mazda Lamp agent and laying in a supply of genuine Edison Mazdas. Measured by light and service, they are the most economical lamps to buy. See that the name MAZDA is on every lamp.

THE NEW LAMP

With the INSIDE PROTECT—more light, no glare—longer life—no Edison Mazda advertisement.

Ask your Edison Mazda Lamp dealer for information regarding proper illumination for your home. He will help you to enhance the beauty of your home.

"Father" of Commons Celebrates Birthday

RIGHT HON. T. P. O'CONNOR

"Father" of the British House of Commons, editor of T. P.'s Weekly and Canada's Weekly, and author of "The Commons," celebrated his seventy-eighth birthday on Tuesday, October 12. This is a new photo of the distinguished journalist.

"I'll wait for Aunt Patricia, John," she said.

Michael came in. "Aunt come down?" he asked, and added a belated "Morning, everybody."

"No," replied Digby. "Watch me gobble and go. I'm not meeting Aunt till the day's been aired a bit."

"Claudia down yet?" enquired Michael, ignoring him.

"I saw her 'in the garden,'" I said. "I'll tell her breakfast's ready," he observed, rising and going out.

"Take her a kidney on a fork," shouted Digby, as the door closed.

We sat down, and conversation was in abeyance for a few minutes in favor of the business of breakfast.

"I suppose the crown jewels are all present and correct by now?" said Digby suddenly, voicing what was uppermost in all our thoughts. "Doors still locked. I tried it."

"Of course it's all right," I said. "Seen it?" asked Augustus.

"Or was it too dark?" he added, with a sneer.

"No—I haven't seen it," I replied. "But, of course, it's there all right."

"You should know, of course," said Augustus.

"Shut up, Gussie," said Digby. "Or I'll have your breakfast back."

"You're a coarse lout, Digby," replied Augustus.

"Streuth!" murmured Digby to the world in general. "Isn't the gentleman's courage coming on?"

It struck me that it was. I had never known Augustus so daring, assured and insolent before. I felt more and more convinced that, as Michael had said, nothing but genuine injured innocence and a sense of injustice could have wrought this change.

The door opened, and Claudia, followed by Michael, entered. She looked very white and Michael very wooden and buttoned. I saw Isabel give her a sharp glance as she sat down and said:

"Morning. . . Aunt not been down yet?"

"No, no. Gobble and go. If asked about sapphires, say you don't know," chuckled Digby, beating time with a spoon on his cup.

Michael foraged at the sideboard for Claudia, and then went to the coffee table. I watched his face as he took the coffee pot and milk jug from their tray and held them poised one in each hand over the cup. His face was perfectly inscrutable and his hands absolutely steady—but I knew there was something very wrong.

He looked up and saw me watching him.

"Morning, bun-face," quoth he. "Sleep well?"

"Except for one unpleasant dream, Beau," I replied.

"If'm," said Michael, and I tried to analyze the sound, but found it as non-committal as his face.

He returned to his place beside Claudia, and as he seated himself, Aunt Patricia entered the room.

We rose, and I drew back her chair, and then we stood petrified in a complete silence.

One look at her face was sufficient, as she stopped half way from the door. I knew before she spoke almost the words she was going to say.

"I have come to request that none of you—none of you—leave the house today," she said. "Unless, that is, one of you cares to say, even now at the eleventh hour, 'A fool and a liar I am, but a criminal I am not!'"

No one spoke or moved. I looked at Michael and he at me.

"No!" continued Lady Brandon. "Very well. But please understand that if I go out of this room without the 'Blue Water,' I will have no mercy. The thief shall pay a thief's penalty—whether it may be."

She paused and fixed her coldly angry gaze on me, on Augustus, on Michael, on Isabel, on Claudia.

No one spoke or moved, and for a full minute Lady Brandon waited.

"Ah!" said she at last, and then, "One other thing please note very carefully. The servants know nothing of this, and they are to know nothing. We will keep it to ourselves—as long as possible, of course—that one of you six is a treacherous, lying thief."

And then Michael spoke: "Say one of us four, please, Aunt Patricia."

"Thank you, Michael," she replied cuttingly. "You four are among the six. And I will apply to you when I need the help of your wisdom in choosing my words."

"I think you might say, 'One of you three brothers,'" Augustus had the audacity to remark.

"Hold your miserable tongue," was Lady Brandon's discouraging reply. "As I was saying," she continued, "the servants are to know nothing—and neither is anybody else, until, of course, the police-court reporters have the story, and the newspapers are adorned with the portrait of one of your faces."

Once again her scornful glance swept us in turn, this time beginning with Michael and going on to Augustus.

"Very well, then," she went on. "No one leaves the house and no one breathes a word of this to anyone but the eight people who already know of it."

"Except to a detective or the police, of course," she added, with an ominous note and a disdainful edge to her voice. "The Chaplain is ill," she concluded, "and I don't wonder at it."
